

Table Work

Sometimes during my school day we do table work. When I do work at the table there are other children working too.

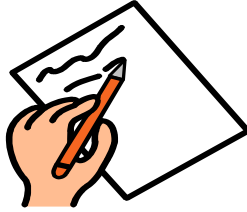

Some children may finish before me.
It's O.K. Everyone finishes at
different times. It's not important
to finish first.

ALL DONE

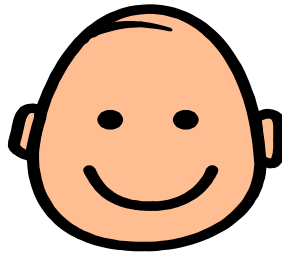

Sometimes the teacher will tell me to
keep working. I will work quietly and
do my best to finish. When the teacher
says to STOP I am ALL DONE for now.

Finish Later

When the teacher says to STOP, I need to put down my pencil, crayon or scissors. I can finish it later. It's O.K. to finish later. Other children will have to finish later too.

Good Job!

When I follow all the teachers directions she will be happy. It will make me happy to do my job in school. Listening and finishing later is important in school.
